Mr. Matthew Hilgeford  
5812 Christopher Lane  
Richmond, VA 23226

Dear Mr. Hilgeford:

I spoke with Dr. Garcia today regarding your condition. Dr. Garcia advised me that you do not have hemiplegia, which is a complete paralysis. She described your condition as a weakness in your side, and does not appear to be covered by the AIG disability policy.

Please call me to discuss this matter.

Yours truly,

**Re: Matthew Hilgefords**

Dear Ms. November:

I represent Matthew Hilgefords with regard to his claim for benefits under the AIG Insurance policy. Mr. Hilgefords suffered a severe injury as a result of an assault.

Before I file suit, I would like Dr. Garcia to provide her medical opinion whether or not Mr. Hilgefords suffers from hemiplegia or paraplegia as defined in the AIG policy.

Please provide this information to me as soon as possible. I am enclosing a copy of the policy definition.

Yours truly,

John B. Mann
